Do you have a medical condition?

If so, please consider participating in the College Adherence & Transition Study!

Seeking:
* UGA students with medical conditions
* 18 years or older

What does this study involve?
* Less than 1 hour of online questionnaires
* All of the information you provide is confidential

Results from this study will be used to help other young adults with medical conditions!

Contact the UGA Pediatric Psychology Lab to participate or get more information:
ugacatsstudy@gmail.com or phone: 706-542-8010
Principal Investigator: Ronald Blount, Ph.D.
UGA Department of Psychology
