The University of Georgia

Write down *at least two* goals in each of the categories listed. Next, look at the goals that you have listed and think about how you would prioritize them. From your list, pick your top 3 goals and write them on the following page along with a statement about what action step you can take now to accomplish that goal. When thinking about your goals, consider your core values, characteristics, skills/talents, and personal mission statement. You can find an electronic version of this at www.uga.edu/mentor.
